Importance: High

Hi Tom and Grace,

Sorry for the delay but I just wanted to double check some things. Here are the spending plans for the House and Senate Ways and Means. I have completed as much as I can to this point. As far as I know that is the maintenance number for FY10 but I am sure that it is subject to change. I have sent Carol Cormier the payroll pages for the Lab account so that she can be sure that I have included everyone. I will continue to run queries here for the MM and other subsidiary information but if you could insert any contracts or vendors that you are aware of it would be most helpful. Once again please either use a different color font or highlight any additions or changes that you make so that it will be easy for me to identify. I know I am not giving you a lot of time but if you could return these to me by Friday afternoon I would greatly appreciate it. I am under a very short time line. Please let me know if you have any questions. Thanks for all your help.

Agnes
